EXAMINER'S COMMENT

1. The drawings in this application are objected to by the Draftsperson as informal.

Any drawing corrections requested, but not made in the prior application should be repeated in this application if such changes are still desired. If the drawings were changed and approved during the prosecution of the prior application, a petition may be filed under 37 CFR 1.182 requesting the transfer of such drawings, provided the parent application has been abandoned. However, a copy of the drawings as originally filed must be included in the 37 CFR 1.60 application papers to indicate the original content.

Reason for allowance

2. The following is an examiner's statement of reasons for allowance: the prior art of record does not teach or suggest, individually or in combination, the limitation of a network communication coupler connected to a first network and a second network, for storing one or more instances of a command interpreter, and said command interpreter providing a command/reply interface for data and command exchange between one of said at least one clients and said second network and said coupler also for storing a first instance of a template, said template associated with one or more instance of said command interpreter, in lights of other features described in the independent claims 19, 22 and 23.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
